## Airwalk Enigma Retro

BY [RUSS BENGTON](#) | FEB 3, 2011 | 4:05 PM | [PERMALINK](#)

It's Airwalk's 25th birthday this year, and they're celebrating by digging through their vaults for some classic re-issues. First up is the Enigma High, originally released in 1991. This beef-and-broccoli (or is that chicken-and-broccoli?) hightop is done up in all suede, with original Airwalk branding and skate-tough construction. Available February 15th on [Airwalk.com](#).
