You can bring your tribute to the King of Pop out onto the hill with this MJ-inspired ensemble from Obermeyer.

The satin sheen of the purple jacket will get you noticed, and the metal zippers and bounty of pockets add the rock star touch to the entire kit.

Obermeyer upgraded its women's line again this year to include more stylish cuts in the jackets, and especially the pants. These Jayden pants will be a girl's best friend if you're looking for a flattering fit. Before donning the outfit however, be sure you have only **one** glove ready to go.
