A WALK IN THE SNOW

Shake off the winter blahs—or those last few holiday pounds—by attending REI Outdoor School's snowshoeing classes, where instructors go over everything from how to pick out the right equipment to proper technique, then take you snowshoeing. The cost of the class—\$25 to \$70—covers transportation, park fees, area maps and first-aid kits. Want to learn about snowshoeing but aren't quite up for a trip to the snow? Try the in-store Snowshoeing Basics class. For more information, call your local REI store or log on to rei.com.
